1:00 New Business

- Review 2025-2026 Goals and evaluate how we did and how we could improve

  Areas of improvement-

  1. Communication
  2. Recruitment
  3. Hold MITU and TU National more accountable
  4. Volunteer opportunities

  Positives:

  1. Thermal imaging
  2. Science based decisions for project on James St.
  3. New board members
  4. Website
  5. Interns

6. Camp scholarships

- 2026 Goals?
    - Projects?
        - James St. (Forks Project)
        - Blood Creek? Contact Dr. Jordyn Stoll
        - Tree planting?
    - Simplify and streamline process to join
    - Communication?
        - Fix the relationship between upper and lower sections of the PM
    - Forward facing sonar (Alex)
        - See TU stance, if they don't we need to pressure
    - Canon Ranch ideas/contacts/options
        - Per Jim Bos- Land Conservancy of West Michigan not aggressively interested in it because there isn't comps available at this time
    - Jim and Walt to talk about CRA meeting they attended on 4/14
        - Waiting on lamprey design for the Baldwin Dam removal with expected start for dam removal in 2027 or 2028
    - Impact/possible impact on our area by the closing of regional offices of USFS and the relocation of HQ to Salt Lake City
        - TU National to take a stand

- River clean up with BBT? May 2, 2026
- Meeting ideas (Keith)-
    -Summer Meetings- Cookout and fishing
        -Fishing Techniques
        -Cookout and fly selection or tying-
        - Cookout and "one fly" contest
        - Fly fishing 101

PMTU Bench at M37 State Access– $2000

- Jac Ford Lifetime Achievement Award

- Jason to contact for plaque from TU National
- Prizes from TU National

Michigan Trout Magazine Update

To do:

Contact: TU National- Make it easier to sign up. Pain in the ass at this point.
